

## THE JUSTINE LAMBERT GRADUATE PRIZE IN THE FOUNDATIONS OF SCIENCE

The Department of Logic and Philosophy of Science announces the 2009 Justine Lambert Graduate Prize in the Foundations of Science. The Prize is Awarded every other year to the best submitted graduate paper dealing with the foundations of the formal, natural or social sciences.

The winning paper will focus on the foundational issues arising in one or more of the special sciences, using tools, methods and results from scientific practice to cast light on the conceptual, philosophical, and scientific relevance of those issues.

The competition is open to all graduate students at the University of California, Irvine regardless of department or school affiliation.

The 2009 Lambert Prize is \$2,000 and will be awarded as a stipend/fellowship.

Submissions of no more than 8,000 words in length must be received in the department of Logic and Philosophy of Science no later than January 15, 2009.

The prize will be awarded by February 27th, 2009.

Submissions should be sent to:

Justine Lambert Prize  
Dept. of Logic and Philosophy of Science  
3151 Social Science Plaza A  
University of California  
Irvine, CA 92697-5100
